The 192nd Makes a Record

The officers of the home battalion were unusually successful in their examinations in the school just closed, the fifteen officers who attended having all passed successfully. This with those who qualified at Calgary, and those already qualified, brings the total of fully qualified officers up to twenty-nine. Thus it will be seen that the battalion is now in splendid shape to carry on the work of training.

In connection with the Calgary school it is gratifying to learn that out of some eighty officers in attendance, Captain Cowan headed the list, and in addition now holds the highest marks ever made in the school. Next in order were Lieuts. Campbell, Stables, Cherie, Hatcheson and Fisher, all of the 192nd. The commandant of the school made special reference to the splendid type of men sent by in the home battalion.

To add more glory to The Pass fighting forces, Lieut. Howard carried off the honors of the signal school, marking a clean one hundred percent on each subject, while Armourer Sergeant Cole walked off with the honors of the armourers' school.

The result of the examination of the N.C.O.'s here was rather disappointing, as several good men only received two stripes. However, on the whole, Major Howland, who was president of the examining board, stated that the 192nd had the

In Berlin things are going from bad to worse. The matter of food, fresh meat has been almost unobtainable, and it is now disclosed that for some days the capital has been without rations. From May 22nd, the butter rations were reduced to ninety grains, less than a fifth of a pound per head per week. For this amount the city has fixed the price at six pence.

best lot of N.C.O.'s he had ever examined, and that the lot of 50 per cent, obtaining sergeant's stripes and the balance with the exception of two having obtained certificates entitling them to corporal's stripes, was something the battalion should be proud of.

Rifles are now being served out to the different detachments, and it is expected to have the men well advanced in rifle drill before going to Saseen camp towards the end of June.

Many people who attended the sports held in Blairmore on Victoria Day, commented on the exceptional ability along athletic lines shown by Eckhardt, of Hosmer, B.C. It has now been announced that this world-beater has enlisted with the home battalion, and Col. Lyons is very much elated over the prospects of cleaning up all comers in the weekly sports which are held at camp.

Recruiting is going on briskly this week, and the strength of the battalion will soon reach the 600 mark, the number necessary to permit of any unit being taken into the mobilization camps.

Lient. Bain, district orderly officer, examined the books of headquarters this week and was well pleased with everything general.

Everybody should boast for the 192nd, and do all possible in assisting to bring the enlistment up to the 600 mark,

The provincial secretary of the Red Cross acknowledged receipt of the following article from the Canadian Legion, dated 18th June: 15 pairs socks, 182 white undershirts, 26 T-handlers, matroytalled handgloves, 26 triangular handgloves, 25 cinned handkerchiefs, 23 washcloths, 18 handbags, 10 bedsheet covers, 16 hot water bottle covers, 16 surgical shirts, 21 bedpads, bundle of old linens, surgical supplies.

The question is asked: "Who paid the \$100 fine for the govern- ment spy who was convicted at Coleman recently for breach of military secret?" Rumor has it that the department of attorney general came through with the dough to liberate that unfortunate when it was just as well to pay the fine and come to a connection with every case brought through the activities of that spotter gang where convictions were recorded.

It is useless to pretend that we cannot afford it. We must afford it. While any non-combatant remains in possession of more than \$200 a year there is money to spare for the prevention of preventable hardships to the men who are risking their lives to save our means of life. Those who cannot afford it must pay for those who do, and ought to be joyfully thankful to get off so lightly. No loss of money can be compared to the risks of loss faced by our soldiers and their dependents. Until our heroes are served, the rest of us count as zeros.

The new treasurers' tax came into effect yesterday. The govern- ment requires that a tax shall be paid on each admission ticket, pursuant to the Theatre-Gear's Act, as follows:

Moving pictures 1 cent, Drama used for opera, drama or vaudeville or any entertainment of the stage, 2 cents.

Whereadvisable is \$1.00 or over, 5 cents.

The tickets will be on sale at the box offices, and will be in books or strips like street-car tickets. Everyone gaining admission to the theatre must pay the tax, and the theatre manager must collect the tax and send the proper return to Edmonton once a week. He is under bonds to make the collections and send the proper return to Edmonton. He cannot allow even friends to enter the theatre without paying the tax. Even the poor newspaper man with his penniless wife will have to dig up his pennies to pay the tax ticket—which is a sore point.
